Empowering People.

Strengthening Communities.

Ascentria
CARE ALLIANCE

Empowering People. Strengthening Communities.

Who we are

Ascentria Disability Services is specialized care that focuses on each person's unique talents and gifts. We are committed to supporting opportunities for self-determined personal growth and achievement.

What we do

Ascentria Disability Services enables those who are economically disadvantaged, have developmental disabilities, chronic illness, mental illness or other challenges, to become successful contributors to the communities in which they live and work. Our staff works closely with each individual and their family, in conjunction with the Massachusetts Department of Developmental Services, to develop a system of supports that assist each person toward greater independence, work opportunities and participation in community activities.

Services offered

Our services include both traditional group home settings as well as support in independent housing where each participant learns daily life skills, self-reliance and decision making. Case workers and/or care staff engage with the program participants, monitor their progress and serve as a constant resource and support in all life situations.

Our program sites include:

- Forsberg Independent Living
- Lutheran Creative Living

We're here to help. Please call 774.243.3100 if you have any questions or would like to learn more.
