

# Services for New Americans

Massachusetts

Empowering People.  
Strengthening Communities.

**Ascentria**  
CARE ALLIANCE  
Empowering People. Strengthening Communities.

## Who we are

Working in conjunction with the U.S. Department of State and the Massachusetts Office of Refugees and Immigrants, Ascentria Services for New Americans resettles and establishes individuals and families fleeing conflict and oppression in their homeland. Since its establishment, refugees from around the globe have made Massachusetts their new home and contribute to our local communities' economies and cultural life.

## What we do

Ascentria Services for New Americans is committed to providing the highest quality of support. We offer client-centered assistance that includes: individualized case management, English language classes, health and mental health support, housing placement, and cultural orientation. Free and low-cost legal services are available through the **Ascentria Immigration Legal Assistance Program**. We offer employment assistance and a **Microenterprise Development Program** that provides business training and planning for start-ups and small business expansions.

## Who we serve

Ascentria Services for New Americans works with refugees of all ages coming into Massachusetts. Much of our work is focused on family reunification.

## Get involved

Many volunteers actively support our refugees in a variety of capacities. Everyone has something to offer! Please consider donating or volunteering for our program.
