Strengthening Communities.

Ascentria
CARE ALLIANCE

Empowering People. Strengthening Communities.

Who we are

Ascentria Services for New Americans has been working to resettle and establish families fleeing conflict and oppression in their homeland since 1997. With our support, more than 3,000 refugees from 28 countries have made New Hampshire their new home, and contribute to our local communities' economies and cultural life.

Who we serve

Ascentria Services for New Americans works with refugees, secondary migrants and asylees of all ages coming into Laconia, Concord and Nashua, New Hampshire.

How we help

Ascentria Services for New Americans is committed to providing the highest quality of support for its families. We offer client centered, wrap-around assistance that includes: employment support, individualized case management, specialized assistance for older adults, health and mental health support, housing placement, cultural orientation classes and English classes. Refugees are supported by a network of staff and volunteers who assist families one-on-one; this personal connection can provide a very meaningful relationship for our clients.

Get involved

We need you! More than 100 volunteers actively support our refugee families in various capacities. Everyone has something to bring to the table! Donate or volunteer to help our refugee families.
